# Taashvi Singh

*UX Designer | Interaction & Product Design, Research*

+91 7002266022 | taashvisingh@gmail.com | Bengaluru, India | Portfolio | LinkedIn

## PROFESSIONAL OVERVIEW

UX Designer focused on simplifying complex systems and creating intuitive digital experiences. I leverage AI-assisted workflows and generative prototyping to accelerate exploration and iteration, spending more time understanding user behavior. With experience across enterprise SaaS, AI-driven products, and design systems, I bridge user needs, emerging technology, and business goals to design experiences that drive positive change across products, services, and businesses.

## WORK EXPERIENCE

UX Design Summer Intern | Synopsys, India — June 2026 - Jul 2026

- Designed **100+ UI screens** for SynOS Hub, an enterprise platform centralising engineering tools and internal services.
- Designed AI cost governance interfaces, onboarding journeys, guided tours, and system states to support product usability.
- Developed interactive prototypes and contributed to product rebranding and the documentation portal UI.

UX Design Intern | Neuralix.AI — Nov 2025 - Jan 2026

- Improved UX for EKAM, an AI-as-a-Service platform for the Indian Army.
- Designed user flows and wireframes for MES Tracker.
- Redesigned brand identity and digital assets.

Graphic Design Intern | EsportzOnly — Oct 2025 - Mar 2026

- Created daily gaming creatives for **Arc Raiders, GTA 6, Fortnite, and Marvel Rivals**.
- Generated **10M+ impressions in one month** for Game Burst.
- Tracked content performance and strategised content delivery using Meta Business Suite.

UX Research Intern | Yellow Slice — Jun 2025 - Jul 2025

- Conducted **secondary research, literature reviews, user interviews, and surveys** for a Digital Well-being Report on compulsive digital usage and digital autonomy.
- Analysed behavioural patterns to synthesise findings on digital habits and user well-being.
- Applied **service design and journey mapping** to evaluate employee onboarding and identify gaps in role clarity and team alignment.

Product Design Intern | Cohyve — Apr 2025 - Jun 2025

- Designed a two-sided platform connecting freelance designers with businesses, supporting **50+ creators and 7+ client brands**.
- Designed **250+ UI screens**, including responsive layouts, high-fidelity interfaces, and interactive prototypes.
- Established the platform's **foundational design system** and led a small product team, contributing to product strategy and feature planning.

UX Design Intern | Innovascape LLP — Oct 2024 - May 2025

- Designed UI for **TOPS (Team Oriented Problem Solving)**, a corporate problem-solving platform.
- Refined information hierarchy, navigation, and UI patterns to improve usability and consistency.

## EDUCATION

Bachelor of Design, User Experience Design | MIT Institute of Design, Pune — 2023-Present
Class X and XII (CBSE, PCBM) | Army Public School, Kirkee — Graduated: 2022

## EXTRA CURRICULAR

- **Co-Author on Paper for ICORD26' - IISC Bangalore:** Beyond the Turing Test: Assessing the Authenticity of AI-Generated Qualitative Data in HCI
- **Co-Author on Paper for ICORD25' - IITH:** The Collaborative Interplay Between Data Science and UX Research for ICORD25' at IIT Hyderabad.
- **Selected in top 6 Teams - SAP Impulse 2025 Design Challenge - (Fintech Track)**
- **Core Member - ACM SIGCHI Student Chapter of our college**
- **Core Member - Prelude:** Member of the Graphic Design Department of our college's music club - Prelude

## SKILLS

| | | |
|---|---|---|
| User Research | Competitive Analysis | Interaction Design |
| Wireframing | Prototyping | Responsive Design |
| Design Systems | Journey Mapping | Usability Testing |
| AI-Assisted Design Workflows | Information Architecture | Conversational UI |
| User-Centred Design | Agentic AI Interfaces | Design Documentation |

## DESIGN & DEVELOPMENT TOOLS

| | | |
|---|---|---|
| Figma | FigJam | Adobe Illustrator |
| Adobe Photoshop | Adobe XD | Miro |
| Framer | HTML, CSS, JavaScript | Notion |

## AI TOOLS

| | | |
|---|---|---|
| Claude Design | Claude Code | Claude Artifacts |
| Figma Make | Figma MCP | Google Stitch |
| Google NotebookLM | Antigravity | Higgsfield AI |
| Perplexity | ChatGPT | Gemini |
